PLANNING SECTION

Planning Section

- **“Overview of Baltimore City’s Emergency Plans”**

Ms. Nicole Errett, Mayor’s Office of Emergency Management

Overview of Baltimore City Emergency Plans

Nicole Errett, Director of Planning and Policy Development
Mayor's Office of Emergency Management
Baltimore City Local Emergency Planning Committee
March 10, 2011

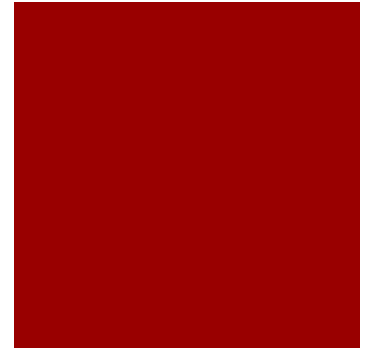

What's Emergency Management?

- “Organized analysis, planning, decision-making, and assignment of available resources to mitigate, prepare for, respond to, and recover from the effects of all hazards.”
- Goals:
 - Save lives
 - Prevent injuries
 - Protect property and the environment

Why plan for emergencies?

- Expect the unexpected
 - Identify hazards
 - Prioritize efforts
- Build infrastructure

Lots of things can go wrong

HAZARD	LEAD AGENCY						
	OEM	BCFD	BCHD	BPD	DOT	DPW	MOIT
Tropical Cyclone	L						
Power Outage	L						
Chemical		L					
Radiological/Nuclear		L					
Fire/Explosion		L					
Collapse/Rescue		L					
Flash Flooding		L					
Earthquake		L					
Biological			L				
Extreme Heat			L				
Extreme Cold			L				
Active Shooter/Hostage				L			
Bomb Threat				L			
Civil Disturbance				L			
Blizzard					L		
Water Contamination/Outage/Drought						L	
Cyberterrorism							L

When do we plan for emergencies?

Measures to reduce the impact

Examples:

Planning

Training

Individual preparedness: creating a go-kit

Building an emergency operations center or buying an incident command unit

Pre-Incident

Incident

PREVENTION

PREPAREDNESS

RESPONSE

RECOVERY

MITIGATION

Types of Emergency Plans

Continuity of Government (COG)/Continuity of Operations Plan (COOP)

- Objective: Provide for continuation of essential functions and enable a rapid response to any emergency situation
- Addresses
 - What
 - Where
 - How
 - How fast
 - Who

Emergency Operations Plan (EOP)

- Baltimore City's Purpose: "Establish the policies and procedures under which the City of Baltimore will operate in the event of an emergency or major disaster. It defines the roles, responsibilities, and inter/intra-organizational relationships of government and private entities in an emergency. It provides assurance of appropriate response to protect the population and environment of Baltimore, and to ensure a unified command system for the management of mitigation, preparedness, response and recovery activities."

EOP Annexes

- Functional: how will different components of response/recovery be carried out? (e.g. sheltering, animal protection)
- Hazard-specific: how will all partners respond to a specific hazard? (e.g. hurricane, Code Red, Code Blue)

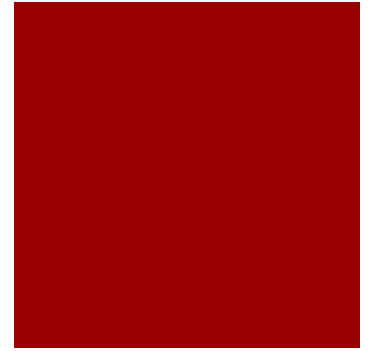

Pandemic Influenza Plan

- Baltimore City's Plan's Purpose: "to prepare for, respond to, and recover from an influenza pandemic or other contagious illness outbreak."
- HHS Plan: "a blueprint for pandemic influenza preparation and response. It provides guidance to national, state, and local policy makers and health departments."

Hazard Mitigation Plan

- Hazard mitigation: develop strategies to reduce or eliminate the loss of lives and property damage associated with natural hazards.

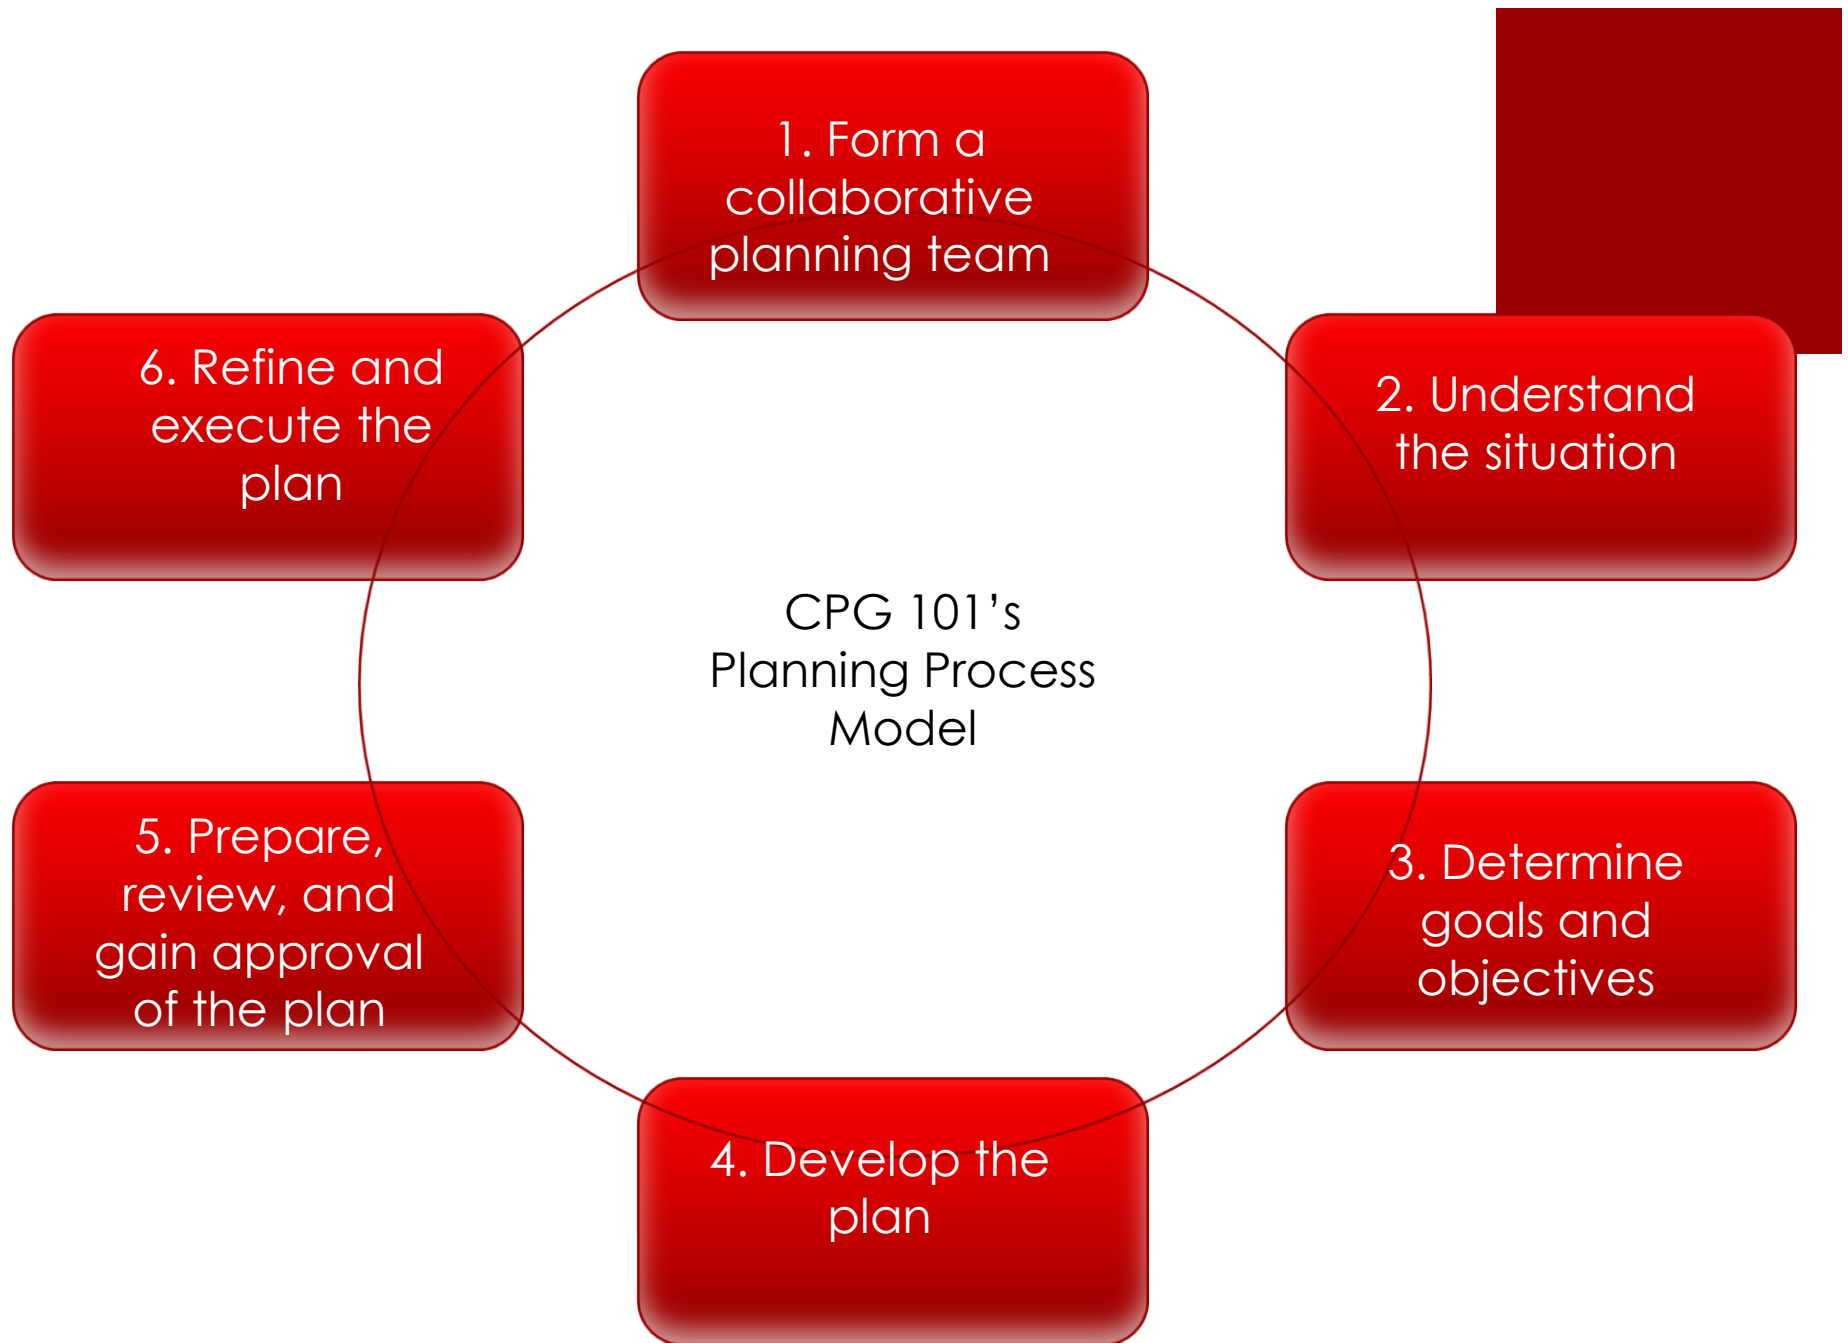

How do we plan for
emergencies?

Comprehensive Preparedness Guide (CPG) 101

- Sets up a process for planning
- Guidelines for:
 - All hazard, all threat plans
 - Planning and response Fundamentals
 - Integrated and coordinated plans

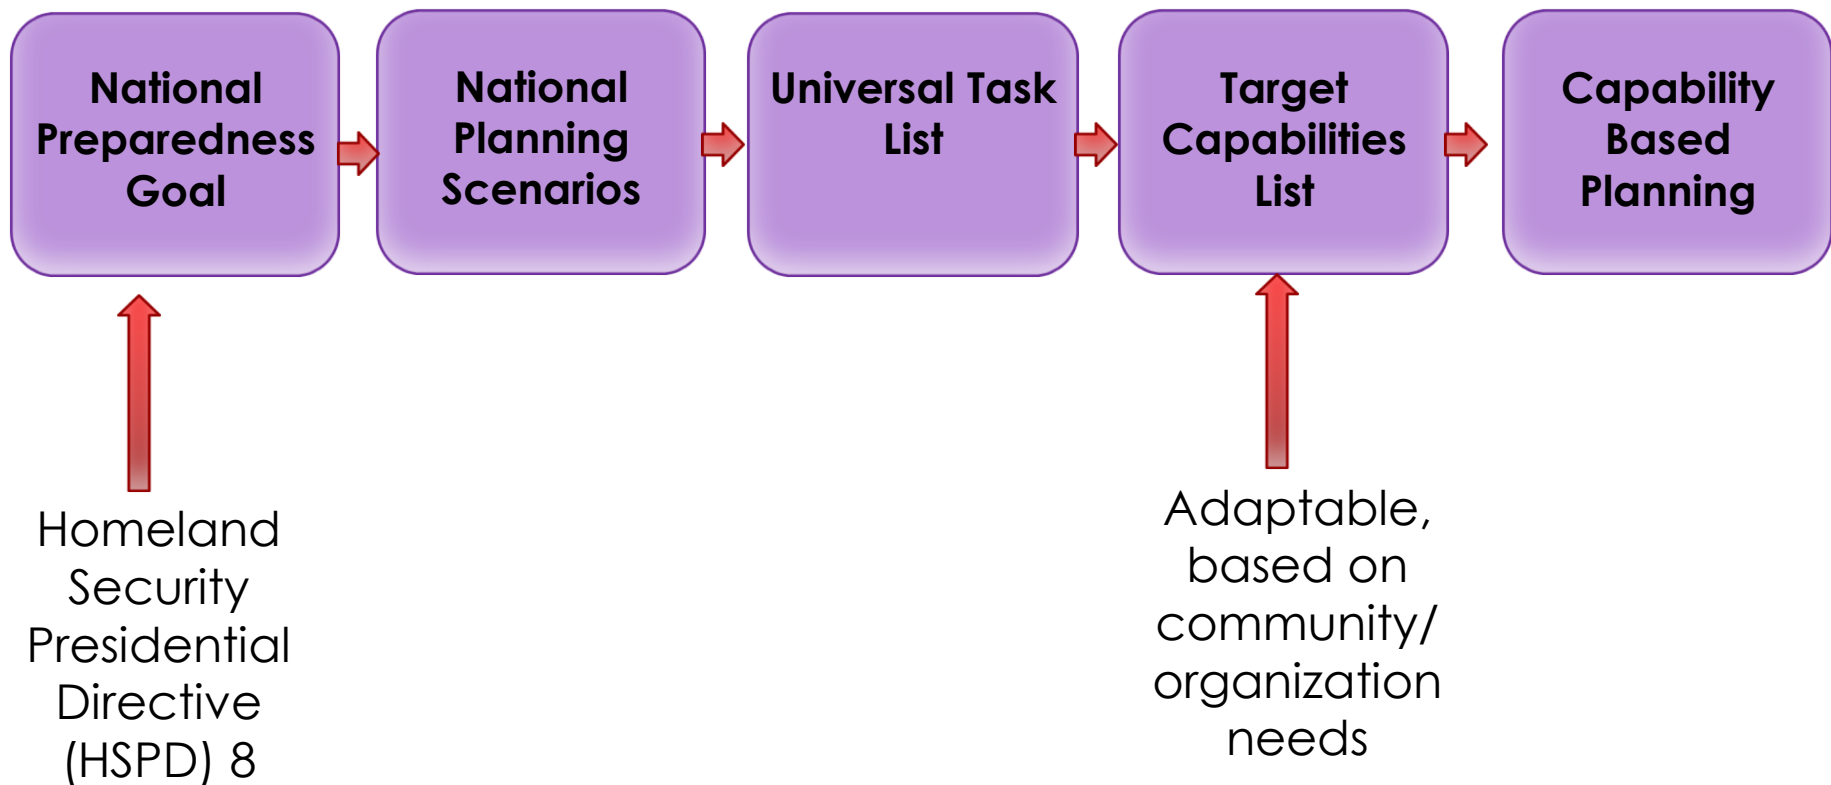

Follow the National Response Framework

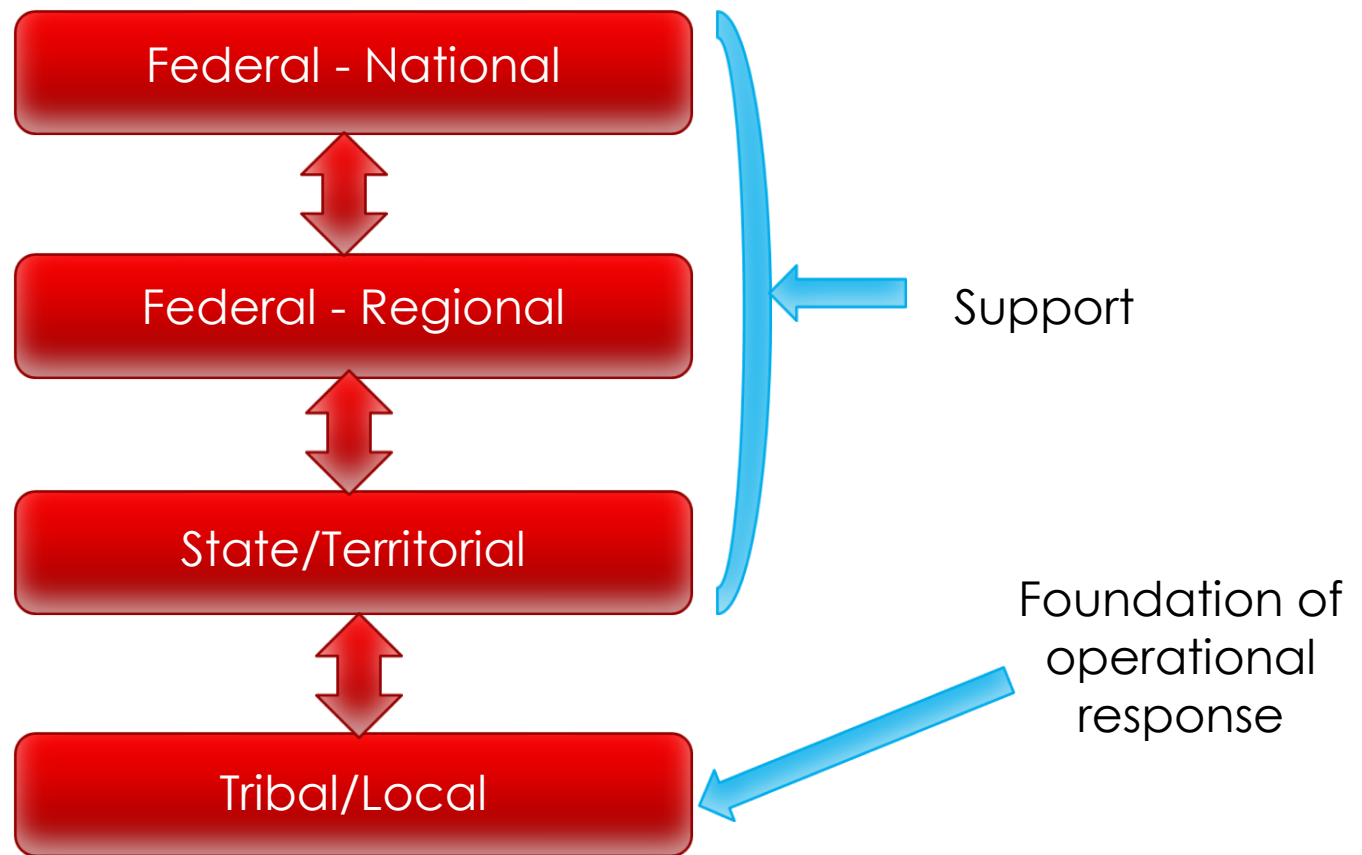

- Guides US all-hazards response
- 4 Premises of Response
 - Scalable
 - Flexible
 - Adaptable
 - Coordinating

Capability Based Planning

Vertical Integration

Welcome to the Baltimore City Community Emergency Response Team Website!

This site will give you the information you need to help prepare you, your family, your community, and your city in times of Disaster or in an Emergency!

The **Baltimore City Community Emergency Response Team (CERT)** Program educates people about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. Using the training learned in the classroom and during exercises, CERT members can assist others in their neighborhood or workplace following an event when professional responders are not immediately available to help. CERT members are encouraged to support emergency response agencies by taking an active role in emergency preparedness projects in their community.

Future Plans

- Citizen Corps Council in the process of being re-established to assist with CERT program and community preparedness
- CERT Volunteers as Trainers
- Regular monthly meetings/refresher training open to all members

Citizen Corps Council

- Ms. Michelle Lacey, Mayors Office of Emergency Management
- Mr. Bob Brinkman, Community LEPC member, CERT

Baltimore City Citizen Corps Council

Subcommittee of the LEPC

Mission

- **A component of USA Freedom Corp....**
 - **Citizen Corps encourages citizens to engage in a number of activities to help prepare themselves and their communities:**
 - **Personal Preparedness:** Having a plan!
 - **Training:** Taking classes in emergency preparedness
 - **Volunteer Service:** Engaging individuals in volunteer activities that support first responders, disaster relief groups, and community safety organizations.
 - Improving communication and coordination among Citizens, Communities and Government.

Who we are....

- Subcommittee of the Local Emergency Planning Committee
- Focus on outreach and educating the public in Emergency Preparedness
- Bridging the gaps among government, citizens, and communities.
 - CERT
 - Communications
 - Training and Exercises
 - Outreach /Community Events

Citizens Corp Program

- First Meeting: February 10th 2011
- Bob Brinkman & Pat Taylor named Co- Chairs
- Meet Quarterly & report out to LEPC
- Communications
 - Bi-monthly conference calls to discuss business and current events
 - Improve communication to communities/citizens.
- Make recommendations and assist MOEM with CERT and other preparedness programs.
- Coordinate with MOEM to engage communities and citizens to participate in exercises and training
- Outreach and market preparedness message to communities.

Reports from Citizens/Communities

- Questions and Answers
- Additional Reports/Activities from LEPC members
